JUNIOR U.S. OPEN FACT SHEET  
Little Rock, Arkansas  
June 13-14, 2015**  
**notable changes/additions in bold red**

The 15th Junior U.S. Open Water Ski Championships will be a two-day/two-round World Record Capability competition with a preliminary and final round. This event is sanctioned by the American Water Ski Association, a sports discipline of USA Water Ski. Current IWWF rules apply in all cases, except as listed herein.

### **Divisions**

There will be four divisions: Boys, Girls, Junior Men and Junior Women.

1. Boys and Girls must have been born in the year **1998** or more recently.
2. Junior Men and Junior Women must have been born between **1993** and **1997** inclusive.

### **Preliminary round event qualification and seeding**

There are no minimum qualifications. Each athlete, even those automatically qualified in overall, must submit two scores per event performed at two separate AWSA Class E or above or IWWF sanctioned Tournaments between **April 17, 2014** and **April 20, 2015**. The following performances may be used: (1) scores posted on USA-WS' online ranking system at 5 p.m., **Monday, April 20, 2015** from tournaments that fall between the specified dates above (scores posted after 5 p.m., Monday, April, 2015 are not valid); (2) scorebooks posted on iwwfed.com at 5 p.m., **Monday, April 20, 2015** from tournaments that fall between the specified dates above (scores posted after 5 p.m., Monday, April 20, 2015 are not valid); (3) World Junior and U21 Rankings List dated November 1, 2013 to October 31, 2014 or a later ranking list if available and posted as final (as long as the date of the tournament falls within the time period listed above); (4) documentation with a Chief Judge's signature, performance, date and location; or (5) a copy of an AWSA Official Seeding Record. Please submit proof of performance with entry form. Scores from the latest IWWF Junior and U21 World Ranking Lists posted as final will be used if an entry is submitted without proof of performance.

### **Number of competitors in each event of the preliminary round**

	<u>Slalom</u>	<u>Tricks</u>	<u>Jump</u>
Boys	7	7	7
Girls	7	7	7
Jr. Men	7	7	7
Jr. Women	7	7	7

These numbers include overall skiers described in provision #1 below.

### **Method of filling the list:**

1. The top three skiers on the latest IWWF Junior and U21 World Ranking Lists in overall available as of **January 1, 2015** and posted as final will be selected first and seeded in the final running order according to the average of the two scores submitted in each event.
2. The remaining positions (up to seven) in each event will be filled according to the average of the two scores submitted in each event.
3. All ties, whether for a seeding position or for the last qualifying position, will be broken by looking at first the highest individual score, then the most current published IWWF Ranking List score.
4. Where there are still ties for a seeding position, the position will be determined by random draw.
5. Where there are two skiers still tied for the last qualifying position, both will be entered.
6. Where there are more than two skiers tied for the last qualifying position, the position will be dropped completely unless two of the tied skiers are among the top three overall skiers cited in provision #1 in which case provision #5 will apply. If one of the skiers is among the top three overall skiers, that skier will be entered.
7. If, in any of the four divisions, slots remain unfilled in one or more events, additional competitors will be entered in those events in the same division where there are more than seven entries so that each of the four divisions contains twenty-one (21) competitors as long as there are not more than twenty-one (21) competitors in one or more of the other divisions in which case these slots will remain unfilled.
8. If, after this process, in any of the four divisions, there still remain unfilled slots, the tournament committee may decide to enter more skiers in another division without exceeding a maximum of eighty-four (84) rides in the preliminary round.

9. Using the above procedures, replacements will be made due to withdrawal at the end of the 5:00 p.m. mandatory skiers' meeting at the tournament site the day before the start of the event. No further changes will be made after that time.

### **Overall**

If the event qualification process does not produce at least three (3) overall competitors in each of the four divisions for the preliminary round, additional overall competitors will be invited to compete in all three events of the preliminary round. These overall competitors will be selected according to the highest overall score, second highest, etc., on the latest IWWF Junior and U21 Ranking List in overall available as of **January 1, 2015** and posted as final until three competitors are confirmed in each of the four divisions. Overall skiers will only ski in the final round if they make the cut for that round. The overall skier's highest event score from either round in each event will be used in the calculation for overall placement with the thousand points attributed to the top score by an overall skier only.

### **Final Round**

The following number of skiers from Saturday's preliminary will advance to the final round held on Sunday.

	<u>Slalom</u>	<u>Tricks</u>	<u>Jump</u>
Boys/Jr. Men	4	4	4
Girls/Jr. Women	4	4	4

Seeding for Sunday's final round will be based on Saturday's preliminary round results with the skier with the best score skiing last. Ties in seeding will be based on the competitor with the higher seeded position in the preliminary round. Ties for the last qualifying position will be run off according to IWWF rules.

### **Registration**

All skiers must submit a completed Official Junior U.S. Open Entry Form to USA Water Ski **via U.S. Mail, E-mail or Fax** by **5 p.m. E.D.T Monday, May 11**. Proof of performance **MUST** accompany entry form.
